

I also had a letter from Mrs  
on the S. J. May today saying  
that he hopes to be with us  
next week. These Mrs & who  
have the advantage of meeting  
him while Eliza Wigham is  
here, which I greatly regret.

I have had many rather  
painful letters from Mrs Chapman  
saying that such a glorification  
of self sacrifice by women should be  
checked or there has been by the  
childlike perseverance of some of  
your sisters.

Yours ever truly
